EXCEL ASSESSMENT

VIDEO GAME SALES DATASET

About Dataset

The sales store based in Bali has a dataset which contains a list of video games with sales greater than 100,000 copies.

As a Data analyst, you have been called to the sales store to analyze and draw meaningful insights from the video games sales dataset which would aid the management in making informed decisions.

Using your skill learnt from the excel classes, apply your knowledge on

- Data Cleaning
- Visualization

Question 1
Genre with the highest percentage of games

Question 2
